Principal
M.D. Dayanand Model School
Nakodar-144040 (Jal.)

2 chargesheet was filed alleging appellant had created a forged document, namely NOC, and used
2 Hereinafter "NOC".

Hereinafter "SCERT".

is genuine to play fraud on the Education Department and District Fire Office, Kurnool, which is
punishable under Section 420 IPC.

5. Admittedly, as per National Building Code of India, 2016, 4 NOC from the officer concerned of the
Fire Department was not necessary for educational buildings which were below 15 metres in height.
Appellant's society was running the educational institution from a building having height of 14.20
metres. Given this situation, appellant's society and other educational institutions had instituted
writ proceedings in WP No. 14542/2018 before the High Court and prayed for renewal of affiliation
without insisting on fire NOC from the State Disaster Response and Fire Services Department.

6. By order dated 25.04.2018, the writ petition came to be allowed and directions were issued upon
the Education Department to renew affiliation without insisting on furnishing fire NOC. Due to
non-compliance of such direction vide letter dated 01.07.2019 contempt notice was issued upon
Education as well as the Fire Department.

7. It is contended that as a counter-blast, the present criminal case came to be registered to
intimidate and harass the appellant. In 4 Rule 4.6.1.4, National Building Code of India, this
backdrop, appellant approached the High Court to quash the said proceeding.

8. The High Court was of the view, the issue whether the appellant's society required a NOC from
the Fire Department to run the educational institution cannot be considered at the preliminary stage
and refused to quash the proceedings.

9. Heard Mr. Sridhar Potaraju, learned senior counsel for the appellant and Ms. Purna Singh,
learned counsel for the respondents.

10. The gist of the accusation in the impugned chargesheet is that the appellant had dishonestly used
a fake NOC from the Fire Department to obtain recognition/renewal of affiliation to run the
educational institution. It is evident from the order passed in the writ proceedings that NOC from
the Fire Department was not necessary for recognition/renewal of affiliation of educational
institutions which are imparting education from the buildings having height below 15 metres.

11. Admittedly, the appellant's educational institution is in a building having height of 14.20 metres
and no NOC affiliation from the Fire Department is necessary for obtaining recognition/renewal.

12. The ingredients of the offence of cheating are as follows:

Representation which the maker knows to be false
